The following discloses our information gathering and dissemination practices for visitors to the BBS-CADD website and when you provide information to us. Please read this privacy statement carefully.

Visitor Information

We require that you provide visitor information when you register for an BBS-CADD demonstration product. Visitor information consists of contact information such as name and address. BBS-CADD uses the visitor information to provide visitors with access and to track data about utilization of BBS-CADD services.

Disclosure of Visitor Information to Third Parties

BBS-CADD will not share any information that personally identifies visitors with any third party (including advertisers and direct marketers) without the visitor's permission, unless BBS-CADD believes in good faith such disclosure is required by law or to protect our rights, or the safety or rights of other visitors or the public.

Links to Other Websites

The BBS-CADD website may contain links to other websites. As a result, you may be directed to websites that are beyond the control of BBS-CADD. For example, if you click on a link or advertisement, this may take you off the BBS-CADD website. This includes links to advertisers and co-branding entities. These other websites may collect personal information from you. They may also send cookies to you. BBS-CADD is not responsible for the privacy practices or the content of such other websites and such other websites are not bound by the terms of BBS-CADD Privacy Statement. In addition, if BBS-CADD references, recommends or co-brands with any third party websites, BBS-CADD requests that visitors to these sites read the privacy statements posted therein as BBS-CADD makes no representations about such third party policies. If you feel that a website using the BBS-CADD name or logo does not follow an acceptable privacy policy, please send an e-mail to info@BBS-CADD.com. We will send complaints to the appropriate third party and may, in particular circumstances, advocate on your behalf to attempt to cause the third parties to change their privacy policies.

Security

BBS-CADD has implemented security features and strict policy guidelines to safeguard the privacy of BBS-CADD visitor information from unauthorized access or improper use, and we will continue to enhance our security procedures as new technology becomes available. For ordering transactions, we offer the use of a secure server that utilizes secure server software, SSL (secure socket layers), to protect your credit card information with 128-bit encryption. SSL encrypts all ordering information, such as your name and credit card number, so that it cannot be read in transit. Only customers using browsers that support SSL can complete their order online using secure transactions. Therefore, all of the customer data we collect is protected against unauthorized access.

Disclosure Required by Law

Under certain circumstances, BBS-CADD may be required by law, court order, government agency or law enforcement authority to disclose a visitor's personal information. Notwithstanding anything in this Privacy Statement to the contrary, under such circumstances or when BBS-CADD reasonably believes it is required to disclose a visitor's personal information, BBS-CADD reserves the right to disclose such personal information as is reasonably believed to be required.
